

Pittway Tecnologica Srl Energy Management Policy

Pittway Tecnologica Srl considers the continuous improvement of energy efficiency and the consequent reduction of the environmental impact as a strategic corporate objective, to be achieved through:

- setting and reviewing business energy objectives in accordance with Honeywell and site originated targets.
- ensuring the availability of information and necessary resources to achieve objectives and energy targets.
- satisfying applicable legal requirements and other requirements related to energy efficiency, energy use and energy consumption.
- committing to continual improvement of energy performance.
- committing to continual improvement of the Energy Management System.
- promoting the procurement of energy efficient products and services that impact energy performance.
- supporting design activities that consider energy performance improvement.
- Developing programmes to reduce our energy usage and improve our energy efficiency to meet our annual target for energy reduction.

This is our commitment to the continuous improvement of energy efficiency and the development of sustainable opportunities at our site.
