

# FAAST LT-200 – Conventional (Stand Alone) EOL Notice

June 2023

As part of our on-going Advanced Detection portfolio management and streamlining our offerings we have decided to discontinue the FAAST LT-200 Conventional (Stand Alone) product line.

This allows us to remain focused on serving our customers with our world leading ASD offerings and delivering new solutions and technologies to the market.

\* The alternative models (FLX-010 and FLX-020) are available to order from [Xtralis](#).

### Effective Date

Last Time Buy (LTB) orders shall be placed by 31<sup>st</sup> August 2023, and last shipment date will be 31<sup>st</sup> October 2023.

### 2. Spares, Repairs and Upgrades

Following cease of supply there will be a further 2-year supply of spares subject to component availability. Product documentation (e.g. Product Guide/User Manual) will be available through the [website](#).

### 3. Product Warranty

Standard product warranty will be honoured as per the applicable company policy for the relevant product line in one of the two ways below:

- A product failing within the standard warranty period will be repaired or replaced with the same or comparable product having the balance of the original warranty period.
- Should a product fail within the warranty period and not be repairable/replaceable then we will refund the full purchase price or issue a credit note as agreed with the customer.

### 4. Contact

Should you have any questions regarding this notice, please contact your Regional Sales Manager or Customer Service Representative.
